Bounce back movie song

Walt Disney Pictures It's almost impossible to imagine our favorite Christmas movies without their accompanying movie results. Over the years, these classic songs have become soundtracks to our own holiday seasons. Hear jingle Bells' opening chords, and we're like Pavlov's dogs drooling over the idea of freshly baked sugar cakes and mugs of hot cocoa by the fire. The film industry knows all too well our deep-seated connection between certain melodies and certain memories. That's one of the reasons why a handful of classic songs show up in movies over and over again. If you need to set the mood and tell the audience it's the holiday season, playing Jingle Bells as the diegetic sound is a pretty good way to get the point across, writes Walt Hickey for FiveThirtyEight. (It also helps that many of the classic songs are so old that they are previously copyrighted, part of the public domain and free to use.) Here are the most popular Christmas songs in movies, as reported by Forbes: Forbes/Statista Can you believe that people have sung We Wish You a Merry Christmas Since 1500? [via Forbes] This content is created and maintained by a third party and imported into this page to help users enter their email addresses. You may find more information about this and similar content at piano.io Image: Paramount Pictures Movies and Songs often go hand in hand. A film's soundtrack is the musical equivalent of its themes. When you remember a favorite movie, you're likely to remember the tunes you heard in it. Some songs are so inextricably linked to a movie that it instantly conjures up a plot, a scene or an image. Producers put a lot of thought into soundtracks for a good reason. The song is what lingers long after the credits roll and will leave you escing as you remember the movie. If you've seen the movie, you'll probably remember the melody, and if you've heard the melody, you'll probably remember the movie. Sometimes you may even feel like you've seen the movie from the theme song. Take Bond movies, for example. Their theme songs easily evoke the feeling and tone of this particular film. The melody highlights the concepts of the film and what it aims to convey. Call it a symbiotic relationship if you want. With this in mind, we've compiled a list of songs that have a famous movie attached to it. How many of these can you identify? Take this quiz and find out how many movies you can remember at the titles of their songs alone! Then test your friends' knowledge of the same titles. It's safe to be fun for everyone. So what are you waiting for? Hum together! How much do you know about dinosaurs? What is an octogenasification? And how do you use a proper noun? Lucky for you, HowStuffWorks Play is here to help. Our award-winning website offers reliable, easy-to-eat explanations of how the world works. From fun quizzes that bring joy to your day, to compelling photography and fascinating lists, Play offers something for everyone. Sometimes explain how things work, other times, we ask you, but we are always exploring in the name of fun! Because learning is fun, stick with us! Picture: Great American Films Limited Partnership Movie soundtracks can turn an ordinary movie into a cult classic. They can turn a drama into an Oscar-winning phenomenon. The music you hear in movies changes the whole tone, takes viewers back in time, and may even be the only reason a movie is successful. If you think back to some of the greatest movies ever made, you'll probably be able to spot the perfect timing of a song that helps the plot, gives a setting or delivers a deeper meaning to an emotional moment. In fact, there are movie soundtracks that are so popular that albums sold out just as quickly as the VHS tapes. Some of these movies are even less popular than the soundtracks themselves. This quiz is not just for movie buffs. You have to know your music as much as you know your movie history. But if you're ready to have the time of your life, this quiz will take you where you're going... But you better think about your answers because we only give you three clues. If you're ready for (Space) JAM, start answering questions now and see how far over the edge you can get. Even the greatest entrepreneurs can fall victim to mental and spiritual fatigue. The stress of deadlines, fear of failure, the barrage of different options and opinions - a balance can be hard to find. Fortunately, Hollywood writers know little about losing your mojo, and managed to craft decades worth of stories about those who decided to persevere. Here are nine amazing movie clips backed up by some amazing tunes to help keep this inspiration on high.1. Limitless (2011). Hear this: Howlin' For You - The Black KeysLimitless makes Bradley Cooper's brain-bending drug habit look like the stuff of legend as he goes from oppressed writer to confident, unyielding businessman. We are not condoning drug use here, but the swagger demonstrated in this clip is very awesome. Ask yourself: Can you accomplish more in one day - maybe even in an hour - than you think?2. Start Over (2013). Hear this: A Step You Can't Take Back - Keira KnightleyMark Ruffalo - portraying a recently fired A&R exec who bathes himself in bourbon - sees the light when he's wowed by a cynical-but-talented songwriter played by Keira Knightley. It's the beginning of an uplifting professional relationship showing how fate and chance can sometimes work in your favor. Related: 7 Motivational Songs for Badass Entrepreneurs Who Hustle Hard3. The devil wears Prada (2004). Hear this: Vogue - MadonnaAnne Hathaway's Andrea gets off to a bumpy start as a budding assistant to the fire-devil editorial director of a fashion magazine. Tired of lumpy sweater shaming and fellow fat colleagues, she pulls out a wardrobe 180 that would dazzle in any office setting, if not on the runway.4. Office space (1999). Hear this: Damn It Feels Good To Be A Gangsta - Geto BoysPeter, played by Ron Livingston, is hilarious when the hypnosis he undergoes leads to a workplace epiphany of enviable proportion. Common decency makes this an office revenge fantasy, we would never play out in reality, but it certainly helps when it comes to easing a heavy workload.5. Legally Blonde (2001). Hear this: Perfect Day - HokuPeppy Harvard law student Elle Woods (Reese Witherspoon) gets the last chuckle as she rises above her evil-spirited peers to deliver a graduation speech about an important word: passion! Something an entrepreneur should never leave home without.6. Hangover (2009). Hear this: Joker and The Thief - WolfmotherFour guys at a bachelorette party in Vegas are out of luck - that's until Zach Galifianakis bends his crazy mathematical genius. Never give up, especially when chips (hat) are down, is a strong theme here - and the stiff chords under Joker and Thief shocks like electric Red Bull.Related: Get motivated by this music Inspired by the latest Jupiter Mission7. Major League (1989)Hear this: Wild Thing - The TroggsYou don't have to like baseball to feel the invincibility of Rick Wild Thing Vaughn. Charlie may have imploded with his real life but his MLB character overcomes life's baggage to make the idea of winning - even with that haircut - look pretty enticing.8. Karate Kid (1984). Hear this: You're The Best Around - Joe EspositoWorld might be a better place if we all listened to Mr. Miyagi. So it's good that you can watch this clip over and over again to see how his virtues of hard work and confidence rubbed off on young Daniel. Laziness and doubt is your Cobra Kai - give yourself a Banzai! then take them down hard. Related: 6 Must-See Motivational Videos on YouTube9. Rocky IV (1985). Hear this: Hearts on Fire - John CaffertyOnyAeren a giant Russian - living with the words I Must Break You - threatens to rearrange your face, you can be as prepared as possible for the impending beatdown. Rocky's training regimen in the fourth film is no joke, and could just be the motivating tool you need to stand up to any daily challenge. Challenge.
